Ability1st, applicant and sponsor for the APCH for Families Expansion project has accumulated over 20 years of experience as a human services agency providing direct services to persons with disabilities who are experiencing homelessness in our community. Since 2006, Ability1st has been the sub-grantee and provider for the Permanent Supportive Housing (PSH), Leasing Assistance project called A Place Called Home. This project has expanded since that time to now house over 45 chronically homeless persons annually.

Additionally, since 2012, Ability1st has been the direct grantee and sponsor for APCH for Families, also a PSH, Leasing Assistance project which now houses over 13 families per year. This project is for families that includes a disabled adult parent and at least one minor child. Both programs have utilized a housing first model for the past three years. Ability1st has entered PSH program data into HMIS since the implementation of both programs. Ability1st has further participated in our CoC's coordinated intake system since its development this past year.

Ability1st also has over 20 years of providing outreach services to indigent and homeless persons with mental illness, substance abuse and co-occurring disorders in our community. These services are available due to a contract with Big Bend Community Based Care, the local Managing Entity for the region's Department of Children and Families/Substance Abuse and Mental Health (SAMH) funding. For the past 10 years, Ability1st has focused those SAMH services in providing supports for chronically homeless persons with disabilities in our PSH leasing program (s) called A Place Called Home. This experience has also consisted of developing specialized support services within our agency to serve the individual needs of this population. As noted elsewhere in the application, we are also in our sixth year of providing specialized benefits restoration and application services for homeless persons with disabilities seeking SSI/SSDI and Medicaid and Medicare benefits.

Ability1st has also provided services to crime victims with disabilities for the past 12 years, the majority of which are homeless and indigent persons in our community. This has consisted of outreach and direct services with persons in our PSH leasing programs, as well at local housing and emergency shelter programs.

Finally, Ability1st utilizes as a routine component of our services, peer counselors. These individuals are persons with disabilities and have direct personal experiences that they can share with chronically homeless consumers who are also persons with disabilities. Ability1st also maintains at least one person on our governing Board of Directors who is homeless or formerly homeless. For the past 5 years this has been individuals who were being served by Ability1st's PSH program, A Place Called Home.

**2. Describe the experience of the applicant and potential subrecipients (if any) in leveraging other Federal, State, local, and private sector funds.**

Ability1st maintains at least 4 SOAR trained mental health outreach staff experienced in assisting persons who are experiencing chronic homelessness and have mental health, substance abuse and co-occurring disorders access SSI, Medicaid and other entitlement programs.

Additionally, Ability1st has a long track record of competing for and implementing Federal, State, local and foundation funding sources in service of persons with disabilities including:

Federal Department of Education/Rehab Services Administration funds (now Health & Human Services) for Independent Living (IL) Services (1978 to present); State of Florida Department of Education, Division of Vocational Rehabilitation funds for IL services (1994 to present); State of Florida

Department of Children and Families (SAMH) funds for Mental Health Outreach (1995 to present); Florida Attorney General's Office Crime Victim Services funds (2004 to present); The Able Trust High School High Tech Program funds for Youth Transition Services(1993 to present) and the local Community Human Services Partnership funds for Accessibility Services (City and UWBB 1996 to present); Area Agency on Aging (2013 to present) for caregiver support services and PEARLS counseling for depression.

The ED also supervises the Access to Independence Program Manager who coordinates the agency's largest program by volume of consumers served.

The Director of Finance, Office Manager, front desk staff, and ED share cash management, payroll, AP/AR and general ledger functions to maintain maximum feasible internal controls. Ability1st participates in a Federal single audit each year due to the volume of Federal funds administered.

**1. Provide a description that addresses the entire scope of the proposed project.**

APCH for Families is a currently funded scattered-site, permanent supportive housing (PSH) project that provides leasing assistance and support services to 13 homeless families. All other existing supportive housing projects are operating at capacity and do not allow for chronically homeless persons with disabilities that have minor children. The proposed project would add 8 additional family units to the project, with no barriers other than the willingness to sign a one year lease. Each of these families would be prioritized through the CoC coordinated intake process and would be identified as most chronically

homeless with the highest needs. At least one adult member of the family will have a disability to be eligible for the project. Housing settings are chosen with the families, based on their needs and preferences.

While emergency shelter for families has increased in our area, transitional housing resources available for homeless families in Tallahassee have diminished and there are no other PSH options for homeless families. The emergency housing is filled beyond capacity because there are not enough supported or subsidized housing options to refer families to. Through the CoC coordinated intake process, chronically homeless families continue to be identified. These families consist of homeless parents with disabilities who also have minor children in their custody.

The new project will utilize the existing Supportive Housing Program manager for APCH for Families who will process new applications for homeless families, provide leasing assistance, verify eligibility criteria, coordinate supportive services, negotiate leases with local landlords to allow families with problematic rental histories, process rent payments, and document progress on related goals in each family's Individual Services Plan. The PSH expansion project includes additional supportive services for participants provided by a half time, masters-level counseling specialist including case management, life skills training, assistance with accessing and maintaining entitlement benefits, supportive and crisis counseling, information and referral and outreach provided by Ability1st. This includes peer counseling for persons with substance abuse and mental health disorders as well as other disabilities. Each program participant is visited by a supportive services provider on a weekly basis decreasing to monthly upon confirmation of stabilization, and based on individual consumer preferences and need.

Several agencies that provide specialized support services are also collaborative partners within our continuum and will serve as primary referral sources for our PSH Project. This includes the local domestic violence shelter-Refuge House, and BBHC's HOPE Community, which has converted to a family emergency shelter. The local CoC's PSH Coordinated intake system prioritizes and refers eligible chronically homeless families to the project.

**2. Describe the estimated schedule for the proposed activities, the management plan, and the method for assuring effective and timely completion of all work.**

Using our CoC's bi-weekly Coordinated Intake and Assessment process, chronically homeless families are being assessed and prioritized for placement in Rapid Rehousing and PSH slots based on relative vulnerability of the disabled adult, depth of chronicity, and lack of suitable alternatives for housing. It is anticipated that if this project is funded and under contract, of the eight family units proposed, four of the families will be housed within the first two months. The remaining family units will be housed within the following two months. Families without any current financial resources will be placed as soon as feasible utilizing existing community resources to assist with utility deposit, payment of back utility bills etc.

The Expansion Project will be supervised by the current Supportive Housing Program Manager, who also provides direct case management for APCH for

Families current participants. The Expansion Project's implementation will be further monitored by the Assistant Director, who supervises the Supportive Housing Program Manager, and is also responsible for contract management and APR's for all of the Ability1st supportive housing projects.

The supervision of this project includes monthly review of each participant's income and identification of any barriers to maintaining all eligible income sources.

## 4B. Housing Type and Location Detail

### Instructions:

ALL PROJECTS EXCEPT HMIS

A unique detail screen should be completed for each structure. In the case of clustered apartments, a single complex with multiple addresses may be entered on one detail screen. In the case of scattered-site apartments, all scattered-site units within a single FMR area may be entered on one detail screen.

**Housing Type:** This is a required field. Select the proposed Housing Type from the dropdown menu. Refer to the Project Application Detailed Instructions for a definition of each Housing Type.

Indicate the maximum number of units and beds available for project participants at the selected housing site: This is a required field. Indicate the number of units and beds that will be served by this project.

PH-PSH PROJECTS ONLY

How many of the total beds entered in "2b. Beds" are dedicated to the chronically homeless: This is a required field. Enter that total number of beds that are dedicated to the chronically homeless (CH). Dedicated CH beds are required through the project's grant agreement to only be used to house persons experiencing chronic homelessness, as defined at 24 CFR 578.3, unless there are no persons within the CoC that meet that criteria. These PSH beds are also reported as "CH Beds" on a CoC's Housing Inventory Count (HIC). If a project has dedicated beds to serve CH families, all beds serving the household should be included in this number. If none of the beds are dedicated for the chronically homeless, enter "0."

How many of the total beds entered in "2b. Beds" are not dedicated to the chronically homeless? This is a required field, but it is Auto calculated. The number that is calculated is the difference between 3a and 2b.

How many of the total beds entered in "3b. Beds" are not currently dedicated for the chronically homeless but will be used to assist the chronically homeless when turnover occurs: This is a required field, but it is auto calculated to zero. Since all new PH-PSH projects have to dedicate all units to CH, the number here will be zero.

How many of the beds listed in question "3c." above will be prioritized for use by the chronically homeless? This is a required field, but it is auto calculated to zero. Since all new PH-PSH projects have to dedicate all units to CH, the number here will be zero.

ALL PROJECTS EXCEPT HMIS

**Address:** This is a required field. Enter the physical address for this proposed project. For Scattered-site housing, programs should enter the address where the majority of beds are located or where most beds are located as of the application submission. For scattered-site apartments or clustered apartments with different addresses, applicants may also choose to enter an administrative address.

Select the geographic area(s) associated with the address: This is a required field. Select the geographic location(s) of the selected Housing Type.

## 5C. Outreach for Participants

**Instructions:**

Enter the percentage of project participants that will be coming from each of the following locations: This is a required field. Enter the percentage (between 0% and 100%) of participants that will be coming from each of the following locations:

- Directly from the street or other locations not meant for human habitation
- Directly from emergency shelters
- Directly from safe havens
- Persons fleeing domestic violence

Total of above percentages: The percentages entered will automatically sum when all required fields are entered and the "Save" button is clicked. A warning message will appear if the total is greater than 100%.

If the total is less than 100 percent, identify how the persons meet HUD's definition of homeless and the project type eligibility requirements: This field is required if the total percentage calculated above is less than 100 percent. If required, explain where the unaccounted for participants will come from. All participants served in CoC Program funded projects must meet eligibility criteria set forth in the CoC Program interim rule and the FY 2016 CoC Program NOFA.

Describe the outreach plan to bring these homeless participants into the project: This field is required. Describe how the applicant/subrecipient plans to bring homeless persons into the project. Also describe the contingency plan that the applicant/subrecipient will implement if the project experiences difficulty in meeting the requirements to serve exclusively chronically homeless individuals and/or families. The contingency plan may include re-evaluating the intake assessment procedures or outreach plan.

\*NOTE\* The definition of Chronic Homelessness qualifies persons as chronically homeless only when they come from the street or other locations not meant for human habitation, emergency shelter, or safe havens. Additionally, to qualify for rapid re-housing, persons may only come from the street or other locations not meant for human habitation, emergency shelter, or safe havens.

## 6A. Funding Request

### Instructions:

Will it be feasible for the project to be under grant agreement by September 30, 2018: This is a required field. Select "Yes" or "No" to indicate if this project application is awarded if it will be in a position to begin operating by September 30, 2018. The FY 2016 HUD Appropriations Act requires HUD to obligate FY 2016 CoC Program funds by this date. If "No" is selected, or if the deadline is not met, this may result in the rejection of a grant or the recapture of conditionally awarded funds.

Is the project proposing to use funds reallocated from the CoC's annual renewal demand  
OR

Is the project applying for funding through the permanent housing bonus? Select "Reallocation" if this project application was created through the use of funds reallocated from one or more eligible renewal projects.

Does this project propose to allocate funds according to an indirect cost rate? This is a required field. Select 'Yes' or 'No' to indicate whether the project either has an approved indirect cost plan in place or will propose an indirect cost plan by the time of conditional award. For more information concerning indirect costs plans, please consult 2 CFR Part 200.56, Part 200.413 and Part 200.414, FY 2016 NOFA and contact your local HUD office. The following questions become visible if "Yes" is selected:

- Has this rate been approved by your cognizant agency? Select "Yes" or "No" from the dropdown menu.
- Do you plan to use the 10% de minimis rate?: Select "Yes" or "No" from the dropdown menu.

Select a grant term: This is a required field. Select the term of the proposed project application. The selection here will determine how the "Summary Budget" will calculate the total funding request. Please refer to the FY 2016 CoC Program NOFA for details concerning grant terms and years of funding for different project types and eligible costs. If a 15 year grant term is selected, only requested costs up to 5 years will be calculated on the application.

Select the costs for which funding is being requested: This is a required field. All project applications must identify the eligible cost budgets for which funding is being requested. The choices available will depend on the project type selected on Screen "3A Project Detail." The following eligible cost budgets may be listed: acquisition/rehabilitation/new construction, leased units, leased structures, rental assistance, supportive services, operations, and HMIS. Indicate only those activities for which the applicant is requesting funding from HUD through the FY 2016 CoC Program competition.

If you do not see the eligible cost budgets that you expected, you may need to return to Screen "3B. Project Description" to review the type of project selected. See the FY 2016 CoC Program NOFA for additional guidance.

The selected FMR area will be used to populate the rent for each unit in the FMR Area column in the chart below. The FMRs are available online at <http://www.huduser.org/portal/datasets/fmr.html>.

Size of Units: Unit size is defined by the number of distinct bedrooms and not by the number of distinct beds.

# of units: This is a required field. For each unit size, enter the number of units for which funding is being requested.

FMR: These fields are populated with the FY 2016 FMRs based on the FMR area selected by the applicant. They serve as a reference and upper limit for the amounts entered in the HUD Paid Rents column.

HUD Paid Rents: This is a required field. For each unit size, enter the rent to be paid by the CoC program grant. This rent can be equal to or below the FMR amount in the previous column. Once funds are awarded recipients must document compliance with the rent reasonable requirement in 24 CFR 578.49.

## 6F. Supportive Services Budget

**Instructions:**

Enter the quantity and total budget request for each supportive services cost. The request entered should be equivalent to the cost of one year of the relevant supportive service.

**Eligible Costs:** The system populates a list of eligible supportive services for which funds can be requested. The costs listed are the only costs allowed under 24 CFR 578.53.

**Quantity AND Description:** This is a required field. A quantity AND description must be entered for each requested cost. Enter the quantity in detail (e.g. 1 FTE Case Manager Salary + benefits, or child care for 15 children) for each supportive service activity for which funding is being requested. Please note that simply stating "1FTE" is NOT providing "Quantity AND Detail" and limits HUD's understanding of what is being requested. Failure to enter adequate 'Quantity AND Detail' may result in conditions being placed on an award and a delay of grant funding.

**Annual Assistance Requested:** This is a required field. For each grant year, enter the amount of funds requested for each activity. The amount entered must only be the amount that is DIRECTLY related to providing supportive services to homeless participants.

**Total Annual Assistance Requested:** This field is automatically calculated based on the sum of the annual assistance requests entered for each activity.

**Grant Term:** This field is populated based on the grant term selected on Screen "6A. Funding Request" and will be read only.

**Total Request for Grant Term:** This field is automatically calculated based on the total amount requested for each eligible cost multiplied by the grant term.

All total fields will be calculated once the required field has been completed and saved.
